GROW your BUSINESS through PEOPLE

promoted by the Chambers' Learning and Skills Sector

Wednesday 21 May 2014, 8.30am-1.00pm
The Lady Chapel, Ely Cathedral, Ely, Cambridgeshire, CB7 4DL

People are your greatest asset

**Employing and developing the right people is crucial for
sustainable growth**

Failing to plan is planning to fail

Following from the success of last year's event during Ely Cathedral's **Celebration of Business**, you are invited to the second, **Grow your Business through People** event.

This interactive workshop will enable you to decide what you need to do to grow your business and to find out what help, advice and training is available to help you.

Hear from three flourishing businesses about how growing their people makes them successful.

Take a look at the Leadership, Management and Entrepreneur skills required to take your business to the next level and to give you an insight into the process used by GrowthAccelerator.

And there will be time to network and to check out what the event sponsors offer to support businesses like yours.

This event is free, however delegates will be provided with a buffet lunch so it is essential that places are booked in advance.

How to book:

- call 01733 370809
- email d.rivetti@cambscce.co.uk

Please state your name, position, company, full contact details and nature of business.
